

A MESSAGE FROM REIDY CONTRACTING GROUP REGARDING COVID-19

As the Tri-State area works to overcome the COVID-19 pandemic, the most important focus for Reidy Contracting Group remains the health and safety of our teams and our community. Our Reidy teams are working remotely wherever possible, while our jobsites have postponed construction work, per New York State's recent guidelines on essential businesses.

As construction and safety experts, our teams will remain on high alert to support our neighbors on any emergency or priority projects or repairs needed for public health and safety. We are available to our clients and the city to provide construction expertise and assistance wherever needed as our industry pulls together to support the community through this unprecedented time.

We continue to encourage everyone to distance socially, and we've provided a list of resources below with more information on how to help prevent the spread of this pandemic, promote the health and safety of your neighbors and mitigate the economic effects of the pandemic so that we can all emerge from this stronger.
